

## **Stanley B.A.S.I.S. Wi-Q Interface**

### **Description:**

The Stanley B.A.S.I.S./Wi-Q training class is a 2-day, Indianapolis-based training program for those individuals who are responsible for installation, operation and administration of a Stanley B.A.S.I.S. Wi-Q access control system. The current, approved software will be used, and the student will be exposed to the modules necessary to administer a Stanley B.A.S.I.S./Wi-Q access control system. Multiple software platforms will be installed and configured to form complete installations.

***Note: Lenel Silver Certification or Lenel OnGuard Administration is a pre-requisite for this class.***

***Stanley Wi-Q is an additional pre-requisite for Stanley Personnel***

### **Topics Covered:**

- Architectural Overview
- Wireless Configuration
- OnGuard Software Installation and Configuration
- B.A.S.I.S. Wi-Q Interface Installation and Configuration
- Database Maintenance

***Who Should Attend:*** Anyone responsible for installation, operation and administration of a Stanley B.A.S.I.S./Wi-Q access control system.

***Cost:*** No Charge
